## Hello Parents of High School Juniors & Seniors!

Are you overwhelmed by the financial aid process? Do you fear making a mistake on the forms that will cost you money? Are you afraid that you won't be able to afford your child's first choice school?

Put your worries and fears aside. Come to a free seminar and learn about financial aid from a local expert with over 2 decades of experience. You will be educated on the most up to date information on sources of financial aid including grants, scholarships, loans and employment as well as learn about the cost of attendance, what is financial need, how the Expected Family Contribution is calculated and more.

You will have the opportunity to schedule a one-on-one session with the expert. She will come to your home or convenient location to complete the FAFSA or CSS profile. After the appointment, you will be able to tell your friends, "I've finished the FAFSA, met the deadlines and I am now waiting for award letters from the schools!"

Please register now at [www.fafsaquestionsblog.com](http://www.fafsaquestionsblog.com).

One lucky attendee will be selected to win a free one-on-one FAFSA preparation session with the expert.
